JAN 26 1999

Dear Mr. Gallegos:

We have reviewed the files on S/15/036-Brown Rose Mine, S/15/038-Denali Mining-UTU-76070, and S/15/039-Rosebud Mine-UTU-76072. We inspected these sites on January 21, 1998. The sites are stable and all improvements are removed. Vegetation is established on all three sites. We have not closed these files but will be doing so in the future.

We have no objection to you releasing these sites and see no reason for you to inspect them. If you have any questions, please contact Dean Nyffeler of my staff at 435-636-3615.

Sincerely,

Richard L. Manus  
Field Manager
